

UK-China Summer Internship Programme 2015

A unique UK Summer Internship Programme, the only one tailored for Chinese students in the UK.

BACKGROUND & INTRODUCTION

This programme is run by China Business Solutions, an independent China specialist firm which combines excellence in business, technology and education. We have been operating a dedicated bilingual (English/Chinese) internship programme on behalf of a leading UK university since 2008, successfully providing Chinese interns to companies active in various sectors, such as technology, engineering, financial and professional services, retail and tourism.

To meet the rising demand from companies wishing to recruit Chinese interns, this summer we are launching a new internship programme open to Chinese students in UK universities.

WHY OUR INTERNSHIP PROGRAMME?

Our highly experienced team and our unique approach are the two most important factors that make us stand out, offering invaluable benefits to your business.

Our team

All of our team members are native Chinese with extensive working experience in the UK and China.

Ting Zhang

Our approach

- We constantly strive to facilitate successful two-way communication between the UK and China
- Our services are based on the deep understanding of British businesses that we have built through many years of interaction
- We aim at creating a link between highly motivated Chinese students and companies interested in breaking into the Chinese market
- Our programme focuses on employers' needs and offers great opportunities for the students too
- As an added value, we provide employment readiness training to the students
- Using our scheme, hiring a Chinese intern becomes straightforward and cost effective

YOUR BENEFITS

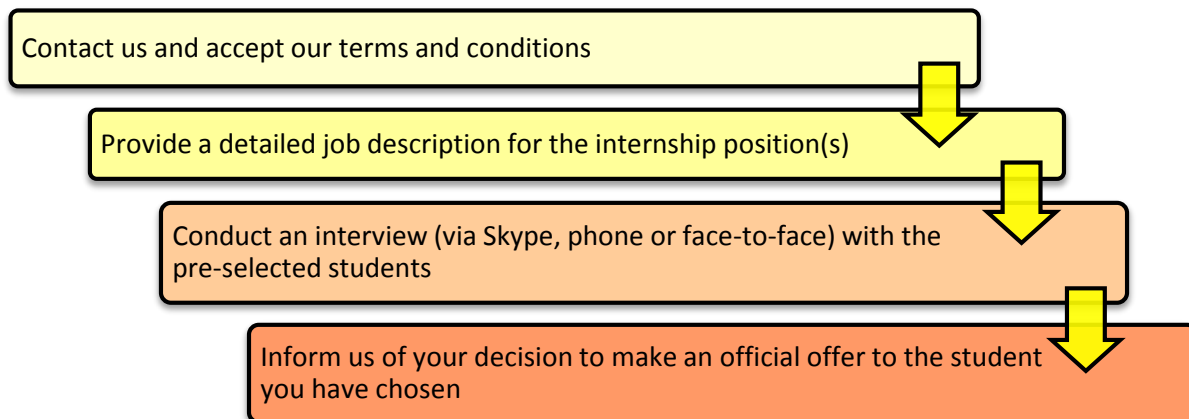

- No fees required to participate in the programme
- Through our established network we match students to internship positions and pre-select them for you
- We will take care of all the logistics regarding the interns, be it accommodation or visa regulations
- Chinese interns will add value to your business with their skill sets by generating new connections and business opportunities in China
- Valuable cost savings if hiring the intern(s) for operations in China after the UK experience

FEE & COSTS

There are no placement fees for host companies to pay to China Business Solutions. However, host companies are welcome to contribute by providing scholarships or weekly stipends to the intern students.

PROCESS

Companies that would like to take on Chinese intern(s) can follow these simple steps:

TESTIMONIALS FROM PREVIOUS HOST COMPANIES

"The intern we took on was absolutely outstanding and exceeded all our expectation"

"The intern proved to be an asset to the company"

"An excellent addition to our team"

"Punctual, hardworking and inquisitive, showing considerable diligence and interest in the company's business development into China"
